Re: Resolution 94-14 – Disposal of City-Owned Property

Summary

Section 37.07 of the Dublin Codified Ordinance requires City Council authorization for disposal of all motor vehicles or other property valued at \$5,000 or above. As Council is aware, a replacement schedule for vehicles and equipment is identified as part of the Capital Improvements Program (CIP). Before vehicles are taken out of service, an evaluation is completed as to current condition and maintenance history. If, after the evaluation, the vehicle is determined to have had minimal maintenance costs and staff believes the vehicle provides continued value to the City, the vehicle will be maintained as part of the City's fleet and the replacement schedule will be modified.

Resolution 94-14 authorizes the City Manager to dispose of certain vehicles and equipment that are no longer in service. The motor vehicles which fleet has identified for auction are detailed in the attached Exhibit.

Vehicles

The following vehicles are identified for auction:
#1330, #4376, #5061, #3302, #3326

Upon approval of this resolution, bidding will open as soon as practicable and will remain open the required minimum of two weeks. This information will be posted on the City of Dublin website, along with a link to take customers directly to the auction website at www.GovDeals.com.

Under the terms of the City's agreement with GovDeals, the City will pay a commission to GovDeals of 7.5% of sale proceeds; however, the City will incur no cost unless the items are sold. The GovDeals site is well-known among public entities and will provide a broad pool of prospective buyers for City surplus items.

Recommendation

Staff recommends approval of Resolution 94-14 at the December 8, 2014 Council meeting.
